

Team: Team 6

Inject Number: 5

Inject Duration: 8 Hours

Inject Start Date/Time: Sat, 05 Mar 2016 16:27:46 +0000

From: Competition Management

To: Blue Teams

Subject: Scoring Inquiries

Use this inject to submit questions to the scoring managers as to why a service is not scoring properly. Response from the scoring managers is at their discretion and will use the notification feature of the ISE/team portal. Teams should keep in mind it is their responsibility to determine why services are not properly scoring and to take corrective action. The Windows 7 workstation outside the firewall is intended to assist teams in monitoring services.

Thank you.
